Titilayo will discuss the fee basis with you and agree on the method of charging prior to proceeding.

Costs can either be a flat dollar amount, a percentage of funds under management or a combination of both. For personal insurances commissions may be paid by the product providers. Commissions are not an additional charge to you. As a guide, our advice fees are \$330 per hour, inclusive of GST. All fees will be discussed and agreed upon with each client, individually.

## Fee Examples:

### Example for Investment Products

If you receive advice regarding an investment of \$100,000, the SOA fee could be around \$1,650, of which \$149 is retained by Lifespan and \$1,501 is paid to Monash Wealth Pty Ltd. If you invest \$100,000 the establishment fee could be around \$1,320 of which \$119 is retained by Lifespan and \$1,201 is paid to Monash Wealth Pty Ltd. If you maintained the investment and assuming the balance of the investment remains at \$100,000, the annual portfolio management & review fee could be around \$3,300 per annum, of which \$298 is retained by Lifespan and \$3,002 is paid to Monash Wealth Pty Ltd.

### Example for Risk Products

If you receive advice regarding insurance, the SoA fee could be around \$1,100 of which \$99 is retained by Lifespan and \$1,001 is paid to Monash Wealth Pty Ltd. Should you proceed with the advice, then the SoA fee will be waived. **However, if the policy is cancelled in the first two years ('responsibility period') you will be liable for the portion of the commission clawed back.**

If you take out a life insurance policy with an annual premium of \$1,500, assuming the highest commission for the Upfront Option is selected at 66%, the upfront payment to Lifespan would be \$990, of which \$89 is retained by Lifespan and \$901 is paid to Monash Wealth Pty Ltd. The maximum ongoing commission for the Upfront Option is currently 22% per annum which could result in a payment of \$330 per annum for as long as the policy remains in force, of which \$29 is retained by Lifespan and \$301 is paid to Monash Wealth Pty Ltd. Where a level commission option is selected, it could be as much as 33%, or \$495, of which \$45 is retained by Lifespan and \$450 is paid to Monash Wealth Pty Ltd.

This commission has what is called a 'responsibility period' imposed by the risk product issuer. This means that if the policy is cancelled within the first 1-2 years of inception commission is returned to the product issuer by Lifespan.

### Referral Fees

Monash may pay the person who referred you to us a fee or commission in relation to that referral. If the referrer receives a fee or commission, we will tell you in the Statement of Advice who will receive that fee or commission and the amount they will receive.
